No tickets needed but a silver offering will be lifted for furthering Chautauqua work. Every one invited and welcome to hear this program.

TAKES BIG SLUMP OWING TO HOLIDAY

Sunday School Attendance Last Sunday Far Below Normal

285 ARE ABSENT

Y. M. C. A., Attendance Contest—One Change Noted—Methdist Protestant Goes to Fourth Place

Sunday school attendance took an awful slump in Alexandria last Sunday. This was the announcement sent out from the Y. M. C. A. office when it was discovered that only 1574 answered to the roll call the first Sunday in July—the prince of hot months. The attendance the last Sunday in June was 1832, consequently the attendance was 285 short of the previous Sunday and 338 short of the record summer attendance of June 6.

But Secretary Wallace says this was expected and still has an optimistic spirit. He points out that the average attendance per Sunday for the first four months of the year was only 1377, or a total of 6885 for five Sundays, while the attendance for the five Sundays of the Y. M. C. A. Sunday school attendance campaign has totaled 8890, or in other words the campaign has the best of it so far by 2005.

Only one change is noted in the standing and it is an interesting one. For two weeks the M. E. Church South and the Methodist Protestant church have tied for fourth place in the standing but this week the latter school goes into fourth place with a lead of six points, the per centages being 134 to 128. Three schools dropped below 100 per cent, Trinity M. E. Christ's church and Second Presbyterian.

The record for July 4: St. Paul's, attendance 112, per cent 178; Second Baptist, attendance 156, per cent 150.5 First Baptist, attendance 389, per cent 137; Methodist Protestant, attendance 100, per cent 134; M. E. South, attendance 322, per cent 128; Trinity M. E., attendance 70, per cent 118; Christ' church, attendance 139, per cent 116; Second Presbyterian, attendance 152, per cent 113; Grace church, attendance 107, per cent, 109.

Mr. Wallace wishes to call attention to the fact that the Payne street mission is counted as a part of the Second Presbyterian Sunday school and their 100 per cent base and attendance records are slightly effected by this addition.

Dr. Barrett to Entertain

Reception Monday Evening to American Legion, D. A. R. and U. D. C. Dames

The regular monthly meeting of the Woman's Auxiliary to the American Legion will be held promptly at 7 o'clock Monday evening at the residence of the president. Dr. Kate Waller Barrett, 408 Duke street. A one hundred per cent roll call of members is expected at this meeting, and to attend the reception following the business session.

Dr. Barrett has issued invitations for a reception at 8 o'clock Monday evening in honor of the Daughters of the American Revolution, the Colonial Dames, officers of Alexandria Post No. 24, The American Legion, and their wives, and all members of the Woman's Auxiliary to the American Legion and the Daughters of the Confederacy.

All members of these organizations who can accept Dr. Barrett's invitation are requested to notify the secretary of auxiliary, Miss Esther Green, phone 475, by ten o'clock Monday morning.

EIGHT MEN KILLED BY BOLT

Pile Driver Cable on Which They Are Standing Struck During Storm

New Orleans, July 10.—Investigation by the parish coroner of the death at the industrial canal yesterday of eight workmen during an electrical storm showed the men were standing on a pile driver cable which was resting on sheet metal piling. A bolt of lightning apparently struck the peak of the driver to which the cable is fastened and was carried to the men.

GERMANS AGREE TO ACCEPT TERMS

Will Disarm Forces Immediately and Sign Ultimatum

WILL NUMBER 150,000

Object to Proposal That The Allies Occupy and Hold Enemy on the Ruhr River.

Washington, July 10.—President Wilson will issue a call for the first meeting of the assembly of the league of nations in a few days, it is said at the state department. The method of issuing the call is now being studied by legal authorities of the state department.

Spa, Belgium, July 10.—Members of the German delegation have agreed to meet the terms of the allied ultimatum demanding she disarm her forces immediately. The Germans, however, in signing the ultimatum, protested against the proposition that allied forces occupy the German territory on the Ruhr river unless the German army is reduced to 150,000 officers and men by October 1, claiming that this demand was a violation of the Versailles treaty.

Germans agreed to the first four terms set down in the allied ultimatum, as follows:

1—Disarmament of all German forces, including the security police, must begin immediately.

2—Germany must publish a proclamation ordering immediate surrender of all arms held by German civilians.

3—All arms, ammunition, guns and cannon in excess of the treaty terms must be handed over to the allies without delay.

4—Germany must abolish compulsory military service.

Fifth proposal said that unless the German army was reduced to 150,000 by October 1 next the allies would occupy the Ruhr districts or other German territory, which could be held until such time as all conditions of the ultimatum were fulfilled. While the Germans agreed to reduce the military forces within the allotted time, they declared the allies had no right to threaten occupation of the Ruhr, holding this was not in accordance with the peace treaty.

Hung Jury

Suit to Recover Automobile Purchased by T. M. Eddy.

A jury in the Corporation Court at 10 o'clock last night announced its inability to reach an agreement in the case of the Motor Car Mutual Fire Insurance Co., against Thomas N. Eddy, for the recovery of an automobile purchased by Mr. Eddy for $2,000 and was discharged. The case will be tried over again before another jury in the near future.

The case was in progress all day and attracted considerable attention. Mr. Eddy purchased the car from a Washington dealer and the company sought to recover it, claiming it was the property of one of their clients.

The Motor Car Company was represented by Attorneys Gardner L. Boothe, of this city and W. Gynn Gardiner, of Washington and Attorneys Leo P. Harlow and Fred G. Duvall represents Mr. Eddy.

ELABORATE PROGRAM FOR STATE FIREMEN

Expect 1000 Here For August 25-26 and 27th

RECEPTION AUG. 24.

J. M. Duncan Chosen Chief Marshal of Parade to be Held August 26. Local Committee Busy.

One thousand firemen representing practically every company in the state identified with the association, it is expected will attend the thirty-fourth annual convention of the Virginia State Firemen's Association which will be held in this city August 25, 26 and 27.

The local committee of arrangedetails for the big convention and ments is rapidly completing all of the when the firemen begin to come into Alexandria the night of August 24 they will find everything in readiness for the big event. All details are being worked out by the local committee of arrangements and long before the time set the committee will have the machinery for the entertainment of the fire fighters well oiled and ready for a most enjoyable three day sojourn here. Elaborate decorations are planned by the committee.

The local committee at its meeting last night selected James M. Duncan as chief marshal of the big parade which will be held the afternoon of August 26 at 4:30 o'clock. It is expected that at least thirty companies will be in line of march. A majority of the King street business houses will be closed in order that the employees of the stores may take part in the festivities that afternoon.

The early arrivals the evening of August 24 will be tendered an informal reception. That night at 8.30 o'clock a big light at the office of Fire Chief Ogden will flash on a welcome to the firemen and the bells of the fire companies and city hall bell will let loose a joyous welcome to the visitors and incidentally the red lights, which will be festooned on King and Washington streets will also be turned on and marking the formal opening of the festivities for the visitors.

Headquarters for the firemen will be at Chief Ogden's office. It is proposed to have all visiting companies met by a band of music. The entertainment committee of which William Desmond is chairman and H. Noel Garner is vice chairman will accompany the band on the trips to the railway station and steamboat wharves, together with the members of their committee. Arriving at the chief's office they will be assigned quarters by the general committee and their wants looked after.

The business session of the convention will convene the morning of August 25 and that night at 8.30 there will be a band concert in front of the Young People's building in which all visiting bands will compete for a prize of $100.

At 9.30 o'clock that night there will be a parade of the local firemen and their apparatus.

On August 26 from 10 a. m. until 2 p. m., the visiting firemen will be escorted in automobiles to the Alexandria Naval Torpedo Station, Arlington and Washington.

The formation for the big parade which will start at 4:30 o'clock, will begin at 3 o'clock. The line of march will be announced later.

The night program August 26 provides for a block dance and street masked carnival. The committee in charge of the plans for this affair promises Alexandrians something the like of which has never before been witnessed in Alexandria. The dance will take place on Washington street between King and Prince street. Noise making devices will add to the gaiety of things in general while confetti will be used by the joy makers for the affair.

On August 27 the last day of the meeting there will be reel races and various contests. This will bring the affair to a close and most of the firemen will leave that afternoon for their homes.

OARSMEN READY FOR BIG REGATTA

Thousands Line River Front to See Events

STARTS AT 2.30 P. M.

Eleven Events—Expect Some Records —To Dine Oarsmen—Dance Tonight at Elks Homs in Their Honor

The various crews that will participate in the Southern Rowing Association's regatta this morning were busy practicing over the course for the affair which will start promptly at 2.30 o'clock.

The river front early this afternoon was dotted with small craft that will watch the big event. Shortly afternoon hundreds of spectators gathered along the river front at points of advantage to watch the crews practice.

Practically all of the crews that will participate arrived here early this morning. Hundreds of visitors are here for the affair and there is every indication that the regatta will be one of the most successful ever given by the association. There is keen rivalry for the honors among the various crews of oarsmen and it is expected that there will be some records made.

The Old Dominion Boat Club of this city which is among the competing crews in the eleven events expect to capture some of the honors. They have a fine crew and this morning had the final try out for the big event. They have been busy training under Coach Thrall for several weeks and that they will make a good showing in the events in which they will participate in the opinion of their coach although they will compete with some of the best crews in the Southern Association.

The last event will be a tilting contest and is scheduled to be pulled off at 5.30 o'clock.

Following the regatta the participating crews will be tendered a banquet in the Westminister building and tonight the affair will end with a ball which will be given at the Elks' Hall from 9 to 12. Hundreds of members and their lady friends will attend the ball.

DEBT COMMISSION TO DRAW $400,000

Holmes Conrad is Allowed $150,000; William A. Anderson $75,000

FINDINGS ARE FILED

Distribution of Plums May Begin Within Few Weeks—Claims Are Numerous.

Richmond, July 10.—Distribution of the plums to be plucked from the West Virginia debt settlement pie may begin within a few weeks. Special Master Robert E. Scott, appointed by Judge R. Carter Scott, of the city circuit court, to hear the numerous claimants, has submitted his findings and recommendations. The reports of the special commissioner was filed with the clerk of the court Thursday afternoon.

It is now in the hands of Judge Scott, who will give a final hearing in open court July 21 before making the awards. Large interests, represented by Brown Brothers and other bankers and financiers, Wall street men and foreign capitalists, who bought in the old bonds at from ten to fifty cents on the dollar, and held them many years as a speculation, are the principal beneficiaries by the settlement of the Virginia-West Virginia debt.

More than $400,000 of the funds in bank in Richmond to the credit of the fund and in the court's custody will be distributed among members of the Virginia debt commission "for services rendered."

After payment of various claims for services and to holders of bonds, the state of Virginia will receive $632,781.84 in the distribution of the settlement in the famous West Virginia debt. There is now the amount of $1,774,139.84 on deposit in a local bank. The coupon bonds on hand now amount to $12,366,500. Other bonds now in West Virginia for the settlement of minor claims will be returned here.

According to the report of Special Commissioner Scott the distribution will be as follows: $400,000 to be divided among the members of the debt commission as compensation; $13,375 to A. G. Potter for services as accountant; $150,000 to Randolph Harrison, attorney; $75,000 to William A. Anderson; $37,500 to John B. Moon; $150,000 to Holmes Conrad; $75,000 to Sanford Robinson; $10,000 to John G. Johnson (Messrs. Conrad, Robinson and Johnson appeared for Brown Brothers, depositories of $14,360,842.63, of the Virginia deferred certificates); $500 each to C. H. Urner, John M. Purcell, D. C. Zollickoffer, Ivanhoe Sclater and John T. Sale, clerks in the auditor's and treasurer's offices for extra work outside their office hours, and $194,016.60 to Brown Brothers, which concern paid the expenses of litigation in the supreme court.

No mention is made among the recommendations for the distribution of the $400,000 among members of the debt commission. The original commission was composed of John B. Moon, chairman; Henry T. Wickham, Randolph Harrison, Taylor Berry, Henry H. Downing, William F. Rhea and H. D. Flood. Mr. Moon died in 1915 and was succeeded by D. H. Pitts. Taylor Berry died in 1896 and was succeeded by J. Thompson Brown. H. H. Downing died in 1919 and was succeeded by John H. Downing. Joseph Button is secretary of the commission.

CLEAN-UP CRUSADE

"Clean up your back yards" is the advise of the District of Columbia health department during the summer months.

Dr. William C. Fowler, District health officer, said yesterday that practically the only drawback which keeps Washington from being a model sanitary city is the condition of hundreds of back yards.

Garbage cans left partially or wholly open are the favorite breeding places of flies and vermin which carry germs into the house, he says.

According to health officials, an appearance of bubonic plague in the Southern States was due partly to householders allowing unsanitary conditions to exist in back yards, thereby breeding rats which carry the plague germs.

Yesterday the Gazette again directed attention to a prominent nuisance in the shape of a deserted and filthy former human habitation on south Fairfax stret. It may be stated that other eyesores, and unsanitary ones, are also in evidence in the same section of the city. Should the authorities cast their eyes on the west side of Royal street, btween Gibbon and Franklin, they will find almost a block filled with rank weeds and other growths, which during the summer season, forms the dumping grounds for the neighborhood. The growth is so thick that but a few yards of the enclosure can be seen by passersby. Dead animals, decaying vegetables and filth are often secreted in this square. Tourists passing to and from Mount Vernon are whisked past this eyesore. Half a square south their eyes and olfactories encounter an open sewer.

HONOR TO WHOM HONOR IS DUE

The Philadelphia Record credits the late Robert M. Green, of that city, with having been the originator of ice cream soda water. This claim has been assumed by several persons in other places during the past few years, all of whom allege they formulated this pleasant and refreshing drink about forty years ago. It is said Green began the sale of ice cream soda in 1874.

Some time ago, when the honor seemed about to be carried off by a confectioner in another city, the Gazette called attention to the fact that the late Henry Brengle, of Alexandria, was dispensing this popular drink from his cafeteria on the north side of King street, the site of the Citizens' National Bank [illegible] half a century ago. The Alexandrian said that the formula was introduced by the late Doctor Robert Powell, who was one of Brengle's daily customers. Hence the honor of introducing ice cream soda belongs to Alexandria, not Philadelphia.

PAY OF MINERS

At this time, when the price of coal is ascending, with indications that it will be still dearer when the snow begins to fly, the humble consumer cannot understand why such conditions exist. Every time there is a strike of miners statements are made concerning the unsatisfactory wages of those toilers in the bowels of the earth, as well as of the dangers and inconveniences to which miners are subjected in bringing to the surface of the earth the black diamonds used to warm our sitting rooms during the prevalence of the cold blasts of winter. While watching the blue flames dance in our stoves, we realize our indebtedness to those who go "down in the coal mines underneath the ground." But we should remember that we pay for our comfort and, after all, are in no way indebted to the miner.

A new record high pay for coal mining was drawn by Frank Bittner, a cutter at the Jean mine of the Bertha Coal Company at Burgettstown, Pa. Bittner's last pay in June for two weeks amounted to $282.43. Bittner is a cutter with a machine and is paid so much per yardage and so much per ton. At the time he established the record he averaged about nine hours a day at his work. The best record here before known was held by Pat Flynn, a miner employed near Somerset. His pay for two weeks was $268.

VIOLATING MAPP LAW

A correspondent of the Richmond Journal writing from Freeling, Va., says:

"Conditions have become such in this section—and the presumption is that they are the same over the country at large—that the safety of the people demands the utmost vigilance on the part of the authorities, both as regards morals and the necessities of life. I refer to the wholesale violations of the prohibition laws.

"From present indications there will be an alarming shortage in the grain crops throughout the country, and the breadstuffs are being perverted from their natural uses by distillation to an extent that gives cause for alarm. In this immediate section all the available corn has been converted into booze instead of bread, and now a large percentage of the meal that is being shipped into the west end of the county (Dickenson) is being turned into the same channel. The violators of these laws are growing daily more defiant and determined.

"It is said that stills are being operated within a stone's throw of the public roads, and evidences of the work are to be plainly seen at church and at all public gatherings, along the highways and in private homes, where drunkenness is common, and is only winked at by the local officers, while the "infection" is spreading rapidly to all quarters. Either the evil must be checked or ruin to our social system will follow."

100 PER CENT PROFIT

Head of Wholesale Association Gives Facts to the Government

Washington, July 10.—Net profit of 100 per cent is being collected by bituminous coal mine operators in certain districts, according to selling price reports received here by Geo. H. Cushing, of the American Wholesale Coal Association.

"Buyers are being forced to pay $8 and $9 a ton f. o. b. at mines in certain districts," said Cushing today. Little coal costs more than $4 a ton to produce, according to reports to the federal trade commission. Cushing warned consumers not to buy now. He denied there is a famine and charged government agencies have played into the hands of profiteers in warning agaist a possible famine in coal.

"Present coal prices are unjustifiable," said Cushing "the country is paying prices fixed by alarmist report and these reports are industriously circulated by government agencies." Cushing said he laid his facts before department of justice officials. The department notified all United States district attorneys to investigate and prosecute cases of coal profiteering.

Cushing said his denial that coal shortage was responsible for high prices was based on an estimate that consumption will not exceed 535,000,000 tons for the twelve months ending March 31, 1921.

ASK GOMPERS' AID

New York Federated Union Warns of Danger to all Organized Labor

New York, July 10.—The Central Federated Union of New York, in a telegram las tnight to Samuel Gompers, president of the American Federation of Labor, in behalf of striking members of the Marine Workers' Affiliation, declared "chambers of commerce of all cities are combined with other large interests to destroy these unions and all other unions."

The telegram appealed to Mr. Gompers to support the longshoremen and harbor boatmen in their strike here.

The message charged that "the railroads are in this combination and if this conspiracy succeeds against the Marine Workers Affiliation, in a short time the great business interests will try to annihilate all organized labor."

It urged Mr. Gompers to "immediactly take such action as will demonstrate the solidarity of labor and defeat the schemes and plans of our enemies."

Thomas B. Healey, president of the Marine Workers' Affiliation, declared his organization realized "weeks ago" that the fund raised by the Citizens' Trucking Committee to carry on independent trucking operations, to relieve the transportation tie-up in New York harbor, was "the entering wedge to open up a war with organized labor."

If the marine workers are defeated, he said, "it will mean a succession of defeats for union labor down the line—I don't care how big the union is."

MOVIES

GRAND THEATRE

"Staking His Life," the gripping drama, starring Wm. S. Hart, who is supported by Louise Glaum and Chas. Ray, to be shown at the Grand Theatre tonight, portrays an evil usually attributed to the church, but, as the plot points out, such evils as the public mind connects with the great institution of God, are but the puny smallness and petty personalities of the man-appointed interpreters of religion. "Staking His Life," does not preach or moralize. Without any deliberate intention, perhaps, the explanation and lesson are brought out.

SPORTS

On Sunday afternoon the Dreadnaughts will meet the Gibralter A. C. from Washington, the Gibraltas club is expected to be considerably strengthened over their last appearance here and it will be a great battle all the way. Beamer will do the twirling for the visitors which means that the home boys will have to have their batting togs on as this boy has an enviable record, having won his last six games, striking out eighty one batters, he will be opposed either by Quayle or Forsman the local mound artists.

State of Chiapas In Open Rebellion Against Huerta

Washington, July 10.—Advices to the State Department yesterday from the American Embassy in Mexico City said a number of officers formerly on the staff of Gen. Gonzales were in prison on the charge of plotting against the Government, that the State of Chiapas was in open rebellion and that Gen. Francisco J. Mugia, who was defeated for Governor in the State of Michoacan, had raised the flag of rebellion.

VIRGINIA NEWS

Through the attorney general, the commonwealth of Virginia has entered suit in the city circuit court against A. B. Philpott, commissioner of the revenue for Norfolk county to recover $2,339, alleged to be illegally held by the commissioner.

When an automobile crashed into a crowd at a patent medicine show at Buena Vista Thursday night, Mrs. Geo. Best was so badly injured that she was rushed to a Roanoke hospital. Mrs. Frank Harrison died from heart failure incident to the excitement and a dozen other citizens were more or less injured. The driver of the car put his foot on the accelerator, instead of the brakes, when he neared the crowd.

After a terrific fight with a vicious bull, during which he defended himself valiantly with a pitchfork, J. Calvin Ricard, 74 years old, one of the wealthiest farmers in Luray section of Virginia, died yesterday at his home three miles north of Luray, from results of the goring he received. The aged man ran afoul of the enraged animal while inspecting his cattle pasture. There was no possibility of escaping the animal's onslaughts. Mr. Ricard was knocked down four times during the battle but each time succeeded in regaining his feet. He was the owner of one of the finest farms in the county. For the past seven years he has lived alone. For many years he has been a Democratic official at elections.

Annual July Sale

CLOSES 5 P. M. EXCEPT SATURDAY

Begins Monday, July 12th---Continues 10 Days

This annual event is so well known to the people of Alexandria and vicinity that we need not dwell upon its importance,—except to say that it means a complete clearance of summer merchandise just at a time when it is most needed—and in many instances at prices lower than we could replace the same merchandise for today. We urge prompt selection as many lines are limited and will not last long at these greatly reduced prices.

Annual July Clearance Sale of Women's Coats, Suits and Dresses

Alexandria women can come here Monday and select the COAT or DRESS they want from a stock that while perhaps not so large—is as crisp and fresh as in the early days of spring. The coats and suits are up-to-the-minute in style and materials and are excellent values for the early fall wear. The dresses are our entire stock—including sheer garments—bought particularly for summer wear.

WOMAN STUCK TO HUSBAND

New York, July 9.—"I stuck to my husband through adversity, but when prosperity came he sought others," read a note found in the handbag of a woman, whose body was discovered in the lake at Central Park this week. The writer declared her husband was D. M. Bedell, a business man. Names of several women were mentioned in the note, but police refused to make them public.

Physicians said the woman had been dead about six hours. Her cloak and a vanity case were found on the edge of the lake. Daniel M. Bedell, an insurance broker, served two terms as alderman and has been actively engaged in politics. He inherited an estate of nearly a million dollars from his father. He is about 60 years of age. In the note Mrs. Bedell accused the women she named of breaking up her home.

THE AMERICAN LEGION DEPARTMENT OF VIRGINIA

The following resolution was unanimously adopted at the Virginia State Executive Committee of the American Legion at Richmond, Va.; June 21, 1920, in conjunction with the District Committees of the First, Third and Fourth Congressional Districts:

Whereas, The American Legion wishes to stand for all measures tending to promote the best interests and welfare of our country and of our State, and

Whereas, the Legion recognizes that nothing can be of such vital importance to the future of Virginia as the instruction of its youth, and that it is in the public schools that the great majority of our youth receive their training during the most formative period of their lives, and

Whereas, the product of our schools depends to a great extent upon the teachers, and it is an undeniable fact that the school teachers in Virginia do not receive anything like adequate compensation for the tremendously important work they do, the average salary paid to teachers in non city schools in 1917-18 being only $351.00, and that paid teachers in city schools being only $658.00, and,

Whereas, with such a low scale of salaries it is difficult if not impossible in many cases to secure reasonably educated and properly trained teachers, and

Whereas, the constitution of Virginia at present forbids any additional taxes by counties and districts for the purpose of increasing salaries and for school purposes, and each county in Virginia is now up to the limit allowed, and whereas an amendment to the constitution repealing the present law and allowing the limit for school taxes to be fixed by the Legislature, and not by the constitution has been proposed and will be voted on at the fall election, 1920, and,

Whereas, two other amendments to the constitution affecting our school system will also be voted on, viz, one reducing the number of school trustees and establishing the county as the school unit, thereby improving the present clumsy and unwieldly school machinery; and the other removing certain restrictions on the compulsory school law, and making it possible for the Legislature to pass a wise and just compulsory attendance law, and,

Whereas, the State executive committee of the American Legion recognizes in these proposed amendments to our constitution steps in the right direction, therefore be it

Resolved, by the State Executive Committee, Virginia Branch, American Legion, that we do most heartily endorse the said three proposed amendments, and urge upon all citizens the importance of their passage, and particularly that we urge upon each post of the Legion in Virginia that it pass similar resolutions to this, and use its influence in securing the passage of these amendments, and be it further

Resolved, that the State Adjutant be and hereby is instructed to send copies of this resolution to each post of the Legion, to each member of the Legislative Committee of the Legion, to the Governor of Virginia, to each member of the last House of Delegates and Senate to each member of the State Board of Education, and to all other parties who may request it.

W. L. Price, State Adjutant.

A BIT OF ADVICE

First—Don't Delay. Second—Don't Experiment.

If you suffer from backache; headache or dizzy pell; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Alexandria residents desire more convincing proof of their effectiveness than the statement of an Alexandria citizen who has used them and willingly testifies to their worth.

Mrs. R. J. Ayers, 319 South Columbus St., says: "I have found Doan's Kidney Pills a valuable remedy. I have used them at different times when my back has been weak and lame and they have always given me good relief in a short time. Doan's seem to hit the right spot and I always recommend them to my friends."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ayers had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

SNOW FREED ON CHARGE

Washington Patent Attorney, 76, is Dismissed After Testifying at Hearing

Washington, D. C., July 10.—Expressing the belief that Chester C. Snow, 76 years old, millionaire patent lawyer, would not stoop to a plot to kill his former wife, Mrs. Addis Hubard Snow, Judge Robert Hardison, of the United States Branch of Police Court, yesterday afternoon dismissed charges of conspiring to kill brought against the veteran attorney by his divorced wife.

Judge Hardison termed his decision a "common sense" verdict, in that Snow, with a wealth of experience in the law behind him, would not conspire in a murder plot unless he was bereft of reason.

The court also dismissed the charge of conspiring to kill, brought at the instance of Mrs. Sonw against Mrs. Edna P. Acker, a woman detective, and H. M. Langdon, a chauffeur, hired by Snow to "shadow" his divorced wife.

The name of United States Commissioner I. R. Hitt was brought into the case today.

According to Stewart Brown, a witness, Hitt was told of an alleged plot to kill Mrs. Snow and afterward offered to tell this story to Henry E. Davis, Mrs. Snow's attorney, for $3,000.

Brown testified that after Davis' refusal to pay Hitt the $3,000 asked. Mrs. Edna P. Acker went to Davis and Mrs. Snow and told them that C. A. Snow had conspired with her to administer poison to Mrs. Snow, from whom he is divorced.

Earlier in his testimony Brown said that the whole story of the alleged conspiracy was a "frame-up" and that Mrs. Acker had told it and rehearsed to him and H. M. Langdon, another one of the defendants in the case, before it was told to Hitt.

Davis, on the stand, told Thursday of an "attorney" who came to him and offered to tell the story of the alleged conspiracy. He refused to tell the attorneys name, however.

NEW THIRD PARTY

Anti-Gompers Element of A. F. L. May Take Control in Chicago Convention

Chicago, July 10.—The makeup of the new third party, which has not yet been given its stage name, is becoming completed. It will include a large number of elements, with a basis of former Progressives, headed by Amos Pinchot. The Committee of Forty-eight, which is now organized in many States of the Union, is the backbone of this element.

Next in importance—and now so strong that it may take first place—is the National Labor party, consisting fofr the most part of the anti-Gompers element in the American Federation of Labor. Its leaders are hoping for a strong plank in the platform looking to Government ownership of railroads and hope to attract labor votes on that issue.

The third is the Nonpartisan League, a labor farmer organization that is growing in the Northwest at a rate that is disconcerting to the old parties and particularly to the Republicans, who have for years counted Wisconsin, Minnesota the Datkotas and Utah definitely in their column.

After these organizations come the Single Tax League, the Farmers' Alliance, factions of the American Society of Equity and other smaller liberal organizations.

William Randolph Hearst's new American Constitutional party will hold a meeting in Chicago tomorrow, and it was announced by the Hearst papers today that all of the above mentioned party leaders were to fall behind his third party movement.

WANDERER CONFESSES

Lieutenant Acknowledges He Tired of His Wife and Murdered Her

Chicago, July 10.—"I murdered my wife. I shot her in cold blood. I hated married life and wanted to get back into the army. It's free and easy. It's the life for me."

Stopping the barrage of questions that had been directed at him for hours by State's Attorney Hoyne and three assistants. Lieut. Carl Wanderer made this confession last night.

Little more than a week ago, Lieut. Wanderer was hailed as a hero who had killed a hold-up man, after the latter had shot Mrs. Wanderer in the vestibule of their home. Tonight he said he had employed the ragged stranger to "stage" the robbery and that he had shot the man by accident after killing his wife. The police thought the stranger was killed by Wanderer to seal forever the lips which might have told of his brutal crime.

"I grew to love the army life while serving in France," Wanderer is said to have confessed: I wanted to get back into it, but I couldn't with my wife on my hands. Besides, she was about to become a mother. I hated her for it. I think the thought of becoming a father must have driven me mad. I had a wife to support and here was a child coming—maybe twins. It's hard enough, nowadays for a man to make a living for himself.

Throughout the day, in spite of the grilling examination to which he had been subjected, Wanderer attempted to uphold the story he had told since the night of the murder. He told how his wife had got into the line of his fire as he shot at the robber and had been killed and how he had then shot the hold-up man dead.

Slowly but surely his story was broken down, until with a wave of his hand he stopped his questioners and declared he wanted to "tell the truth."

Auction Sale

of

Valuable Investment Property
In City of Alexandria, Va.

To settle an estate, I will sell at public auction, on the premises, on Saturday, July 17th, 1920, at 2 p. m., the following property, to wit:

The Norman Apartment house, No. 1315 Duke street, containing seven apartments, all rented.

Six two and a half story brick houses, Nos. 1301 to 1311 containing seven rooms each, and adjoining the Norman, on the east, these properties are good renters, and are all rented.

One large building lot, adjoining the Norman, on the west, 83x100 feet, to a wide alley.

This is the best investment property in the city, and is in good repair.

This entire property will be sold in part, or as a whole, to the highest bidder.

Terms: One third cash, or all at the option of the purchaser, $500.00 cash on day of sale, and terms to be complied with in ten days.

A SENSIBLE INVESTMENT

The most sensible way to invest your money is to keep your property in good condition and to have a home which will make your family comfortable and other buildings which will properly house your belongings.

You get the direct benefit from money invested in this way from day to day, in addition to the actual increase in the value of your property.

There have been some reductions in the price of lumber by the mills and we are reducing our prices to meet these, regardless of the cost of the different items we have in stock.

Good Light Lightens Labor : :

Lighting the kitchen is like lighting a factory. Good lighting quickens production, as the factory man would say. In other words, it makes work go faster without the expenditure of any more energy.

Of all places needing more light and better light the kitchen in most homes is one of the most important. And when you have doubled or trebled the light in your **work** rooms, try it also in your **living** rooms.

If you find that doubling or trebling the illumination there mean glaring light, don't cut down the amount of lighting again—**shade** the light better! Keep the direct rays from striking the eye. Throw some of the light to the ceiling and walls.

In every socket—in every room from cellar to garret—use only

EDISON MAZDA LAMPS

If you will do that, you will find that a great deal more light in the room is decorative, pleasing and restful. It's not the amount of LIGHT that you find irritating in some rooms, but the amount of GLARE.

OUR METER MEN REPORT THAT A NUMBER OF OUR CUSTOMERS ARE USING CARBON LAMPS. WHY NOT BE UP TO DATE? USE MAZDA LAMPS—BETTER LIGHT—LOWER BILLS.
